

ANALYST

The Rulesware team is driven by a collective passion for delivering excellence in Business Process Management. Founded in 2004, our company has always specialized in one thing: the on-time, on-budget implementation of world-class BPM solutions that enable peak operational performance. Our focus on top talent, agile engagements and clear transformation roadmaps leads to measurable, sustainable results in healthcare, insurance, financial services, government and other sectors where process is paramount.

We are currently seeking **Analysts** for full-time positions in Schaumburg, IL.

Company Culture and Mission

At Rulesware our mission is to give every Business Process Management client the seamless, results-generating experience they deserve, with the cost and quality benefits that come from working with a consistent team of focused, passionate thought leaders.

Ask anyone who works here ... Our culture fosters teamwork and advancement with comprehensive training and mentoring programs and an open, collaborative work environment where everyone is encouraged to challenge the status quo. We welcome proactive, creative thinkers, who enjoy being challenged, and who love to learn.

Responsibilities

- Develop Business Process Management (BPM) solutions for customers.
- Capture business objectives and processes and design and develop a comprehensive application/solution.
- Assist with performance optimization of the application and phase wise approach of project implementation.
- Sustain engineering to keep the products current with technology dependencies.
- Work with Java technologies, BPM tools such as Pega PRPC, application servers such as IBM Websphere, Tomcat, and databases such as DB2 and Oracle, and programming languages such as C++ and Java.
- Travel/relocate to various unanticipated locations throughout the U.S. to interact with clients and train end users for various short and long term assignments.

Please email your resume (.pdf or .doc) to ji-yoon.in@rulesware.com or mail to Rulesware, LLC, 10 N. Martingale Drive, Suite 400, Schaumburg, IL 60173.
